STATE FAIR RIBBONS

The state fair this year did not pay cash premiums on individual exhibits, but awarded premium ribbons. We now have a list of the ribbons awarded on individual exhibits contained in the Torrance county exhibit at the state fair, which is as follows:

Squaw corn, B. L. Stevens first.

White dent corn, A. W. Lytle first.

Yellow dent corn, W. E. Cawfield second.

Copper, Tex Cravens first.

Display forage crops, first.

All classes Mammoth Pearl potatoes, first.

All classes collection of potatoes, second.

(The three preceding articles came from Willard and we have been unable to learn the name of the producer.)

Attractive dry farm display, first.

Potatoes (variety not ascertained) first.

Salt, favorable mention.

Mill products, first.

Ensilage corn, H. F. Mathews first.

Sudan grass, Ben Young first.

Cane, Ben Young second.

Oats, first.

Pumpkin, Nick Holliday second.

Field squash, Mulkey first.

It will be some time before the winners in the boys' and girls' clubs will be known. Somebody watched the scoring and reported that the two Mountainair boys got the highest score on the quality of their beans. This is good, of course, but it doesn't by any means decide who will get the premium. The beans must be threshed and the exact yield reported. The quality, the quantity, the story, and the cost, all enter into the competition. We will watch for the announcement of the winners and give our readers the names as early as possible.

SCHOOL NOTES

School is progressing with a zeal upon the part of all concerned which is manifestly satisfactory to everyone. Our enrollment has reached the 100 mark exactly with more expected.

Several of our students attended the fair at Willard on Thursday. Among them were Pauline Hues, Ralph Epler and Guy Manker.

The board of education, realizing the value of "everybody" boasting for the county, voted a half holiday on Friday so that the school might attend the Estancia fair. Prof. Park's room was even more fortunate as the teachers' examinations were held in his room all day Friday.

Prof. B. G. Woodward, superintendent of Mountainair schools, spent the week end with Prof. Park and his mother. Prof. Woodward reports the building at Mountainair complete and everybody boosting. Let's follow their example.

Prof. Ferguson of Willard was also a visitor to the Estancia fair on Saturday.

The board reports that work on the new building will be begun in the very near future. The money from the sale of bonds is on hand and nothing should cause any further delay but the time required by the contractor to begin work.

Wanted: District Agent wanted to sell Life, Accident and Health Insurance combined in one policy. We can make exceedingly attractive offer to right man. Whole or part time. Apply—Occidental Life Insurance Co., Albuquerque, New Mexico.

WHEN YOU TAKE COLD.

With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

Independent Republican Convention

A county convention of the Independent Republican party is hereby called to meet in Estancia on October 24th, 1916, at 10 o'clock A. M. for the purpose of nominating Independent Republican candidates for county offices in Torrance county, New Mexico, to be voted for at the coming election on November 7th, 1916.

All precinct committeemen are hereby instructed to arrange for and hold precinct caucuses for the election of delegates to said convention.

Jose S. y Vigil, Chairman Independent Republican County Committee.

Antonio Candelaria, Secretary.

Democratic Call.

The County Convention of the Democratic party is hereby called to be held at Estancia on the 24th day of October, 1916, 10 A. M., for the purpose of putting in nomination Democrat candidates to be voted on for county offices in the said Torrance county at the coming election November 7th.

All Precinct Committeemen are hereby notified to call and hold the Precinct Delegate Conventions.

Each Precinct is allowed one delegate for each ten votes or major fraction thereof, cast for Ferguson in that Precinct, 1914, and each Precinct, regardless of vote formerly cast, is entitled to at least one delegate to said County Convention.

Dated: This October 9th, 1916, Estancia, New Mexico.

J. N. Burton, Chairman Democratic Central Committee, Torrance county.

Ralph G. Roberson, Secretary.

From a reference in a call for a Republican precinct caucus printed in this issue, it is to be inferred that a Republican convention to nominate candidates for county offices will be held in Estancia October 23rd.

Republican Caucus.

There will be a Republican caucus at the court house Saturday afternoon, October 14th at 2 o'clock P. M., for the purpose of electing two delegates to attend the county Republican convention to be held in Estancia October 23rd.—J. P. Porter, Chairman; J. N. Bush, Secretary.

Political Announcements

We are authorized to announce that T. L. Capt will be a candidate before the Democratic county convention for the office of sheriff of Torrance county.

We are authorized to announce that C. B. Custer will be a candidate for sheriff of Torrance county, subject to the will of the Democratic county convention.

T. L. CAPT

As will be seen by announcement elsewhere in this paper, T. L. Capt, a well known cattle man of Mountainair, is a candidate for the nomination for sheriff, subject to the consideration of the Democratic county convention. Wherever he has lived Mr. Capt has established a reputation as a square man by his uprightness and fair dealing in business matters. He served for a number of years as an officer of the Live Stock Sanitary Board, and while a member of that force proved himself to be fearless and of good judgment in the discharge of his duties, impartial as to individuals, faithful in fulfilling his obligations as a member of that force. Should the Democratic convention see fit to select him as its nominee, they would have as a candidate, a man with whom the voters could find no fault. He possesses all the required qualifications for the position of sheriff, and is entirely free from rings and cliques. adv

NOTICE.

Positively no hunting will be allowed in my pasture.—J. J. Smith.

D. S. Martin, living northwest of Moriarty, who has been running a bean thresher, was here last Saturday visiting the fair, and gave us the following figures on beans which he had recently threshed: Jody Davis, 27 acres, 1050 pounds to the acre; Hiram Hughes, 19 acres, 1070 pounds to the acre; Wm. Thompson, 8 acres, 1100 pounds to the acre; Hiram Williams, 9 acres, 1000 pounds to the acre; George Blackwell, 19 acres, 1000 pounds to the acre. Mr. Martin had threshed for three persons whose yield was 700 pounds to the acre—the lowest he had yet found. The last mentioned were in a locality where very little rain had fallen during the summer.

M. F. Baker, one of the old settlers of the valley who left in 1912 and went to the northwest and who has been for some time at Grangeville, Idaho, came in last week, and announces his intention of staying. His family will remain in Idaho during the winter on account of school, but will join him here in the spring. Mr. Baker found the Idaho climate quite trying on his rheumatism and thought he would be better here, which was his reason for coming in advance of the family. We welcome him back, and hope they will keep coming.

Joe Fehmer came in about a week ago to see how things are stacking up in the valley. He has been going to school at Valparaiso, Indiana. He will leave in a few days for El Paso, and hunt for a job in that vicinity, in order to make a stake and go back to school again.

DESPONDENCY.

When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-ford in Scott's Emulsion, which is a medicinal food and a building tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.
